

XVI

twentyseven bums give a prostitute the once
-over. fiftythree(and one would see if it could)

eyes say the breasts look very good:
firmlysquirmy with a slight jounce,

thirteen pants have a hunch

admit in threedimensional distress
these hips were made for Horizontal Business
(set on big legs nice to pinch

assiduously which justgraze
each other). As the lady lazily struts
(her
thickish flesh superior to the genuine daze
of unmarketable excitation,

whose careless movements carefully scatter

pink propaganda of annihilation
