

## XVI

tell me not how electricity or  
god was invented but  
why(captured by a  
policeman's majestic and buried eye)

the almost large he-  
shaped object vomits cleverly  
against a quai wall almost spray  
-ing threecoloured puke over

this younger than  
i am newspaper guy who refused  
to shake hands with  
ludendorff and your humble moving through the

gloominess of(try to  
imagine)whispering  
of a named  
Krassin
